Prospective Judge form (one per family)
Parent, Student and Advisor Feedback forms(One per person)
Skyward parent ID and password (One per family)

CLASSROOM REVIEW:

If students needed to bring more page protectors have those students work on their portfolios. Ask students to quickly check their portfolio with the Checklist and make sure everything is organized. Students are to have a **new grade report** they will talk about to show how they are doing in their classes.

CLASSROOM ACTIVITY 1:

Have students form groups of 3 and practice their Student Led Conference. On a piece of paper, each of the two students who are listening should make comments for the presenter (at least one thing the student did well and one thing to improve upon). Students should rotate through, taking turns practicing and critiquing. Remind them that this is their last opportunity to practice before their SLC, and that they need to be prepared to talk for about 10 minutes at their conference.

- Circulate around the room and check students' grade reports.

Scoring:

Award 1 point for participation in SLC practice
Award 1 point for a grade print-out
